

Another Busy Year for the MPC&A Program

Ron Rudolph
DOE/NNSA NA-25

Since Last We Met

- LMEM changes
- Status of requests
- ICL amendments
- Disposition issues
- Other export issues

LMEM Changes

- Bill Chappell (Y-12) - Restarting
- Trudy Overlin (INL) – Pending approval

Status of Requests

- Since new ICL S000030 issued in 4/06, received over 1,500 ICL requests worth over \$890M.
- Combined with previous years under S000005, received 3,800 requests to use the ICLs worth over \$1.2 Billion!
- Mostly funds transfers
- Finished Bratislava work
- Post-Bratislava commitments
- Sustainability at many sites

Five Amendments

- Atomspetrans
- Scientific and Engineering Centre for Nuclear and Radiation Safety (SEC NRS)
- Central Institute for Continuing Education and Training (CIPK)
- Central Research Institute for Shipbuilding Technology (CRIST) renamed as Shipbuilding and Ship Repair Technology Center (SSTC)
- Security Assessment and Training Center (SATC), Abramovo Counterterrorism Training Center (ACTC) and Siberian Training Center

Disposition Issues

- Projects – individual items
 - FIS 100 computers
 - Transportation vehicles
 - Rosteknadzor equipment
- Divisions – in sustainability contracts
- Commerce ruling soon – Keep your fingers crossed

Other Export Issues

- Information Protection
 - Administrative controls – training, sub contractors
 - Export issues
 - Encryption software
 - Encrypted files
 - Import issues
 - Encryption software
 - Encrypted files
 - Except for contracting, no laptops on foreign travel
